WORK EXPERIENCE & PROJECTS

Independent Full Stack Developer

Self-Employed

Developed and deployed 20+ full-stack web applications using the MERN stack (MongoDB, Express.js, React, and Node.js). Designed responsive, user-friendly interfaces with React and Tailwind CSS, emphasizing modern UI/UX principles. Built scalable backend services, RESTful APIs, and database-driven applications using Node.js, Express.js, and MongoDB. Managed source code, version control, and project collaboration using Git and GitHub.
